EXPERIENCE

Graphic Designer

Farran Media, LLC

2015 - 2025

Creates digital and traditional design for two international monthly print publications, multiple websites, company and customer advertisements, marketing peripherals, and more. Collaborates closely with multiple departments to create print, web and multimedia content. Provides high-level client support. Prepares final press-ready materials for packaging and preflight. Codes HTML versions of magazine features, advertisements, etc.

Graphic Designer

Freelance

2005- Present

Delivers all along the gamut of design and web design needs for clients, including company rebranding campaigns, logo creations, merchandise designs, website developments, and more. Works with a variety of personalities and companies and manages each project with confidence in the craft, flexibility of creative solutions, and a time-tested practice of expectation management.

Junior Graphic Designer

GoGoGarage.com

2007- 2009

Worked and learned from senior designers and art directors. Honed design techniques and technical skills while creating digital and print material for clients. Mastered the art of redesigns, photo manipulation, mockups, touchups, etc.

EDUCATION

2004

B.A. Advertising and Graphic Design, Collins College
